Allowable Subject Matter

1. Claims 1-43 are allowed over prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 1, the prior art fails to disclose or make obvious “an optical coupler received on the top reference surface of said substrate for coupling with said at least one optical waveguide” and in combination with the other recited limitations of claim 1. Claims 2-17 are allowed by virtue of dependency on the allowed claim 1.

Regarding claim 18, the prior art fails to disclose or make obvious “an optical coupler received on the top reference surface of said substrate for coupling with said at least one optical fiber” and in combination with the other recited limitations of claim 18. Claims 19-27 are allowed by virtue of dependency on the allowed claim 18.

Regarding claim 28, the prior art fails to disclose or make obvious “positioning an optical coupler on the top reference surface of the substrate for coupling with the at least one optical waveguide” and in combination with the other recited limitations of claim 28. Claims 29-43 are allowed by virtue of dependency on the allowed claim 28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
